Notwithstanding the threats that save been made to me that I cannot return and live in Union county if I do not vote for Mr. Hanna, it is my hope and belief that the good people who have honored me with their confidence, and whom I love and honor, will uphold me in this determination that can not, under any circumstances, now be changed.

J. F. House is certainly being used to the greatest possible advantage, and its influence is not to be underestimated n connection with the support of the State administration. While Mr. Kurtz and his associates will make no statements, yet they are holding back the appointments on the committees and other patronage in anticipation

of gaining several votes on the Senutorial ballot. In holding their men in line "the combine" is having trouble with some of the sixty-five Democratic members. It is believed that Mayor McKisson will give way to Mr. Kurtz for the short term for Senator, while Governor Bushnell has all along been regarded as the candidate for the long term. Representatives Wiley of Wayne, Powell of Morrow, Niles of Lucas and other radical free silver Democrats are not satisfied with Kurtz and Bushnell, and if they are to vote for Republicans, they want them with pro nounced silver records, like that of Gerrard and others that are named. Some of the Democratic members in-

"The combine" is charging that Senator Hanna is in such desperate straits as to be 'red to "swap horses' while crossing the stream owing to the Republicans deciding to hold no caucus. They also charge that he has been made an ex-Senato since the legislature met. As Senator Hanna was appointed when Secretary Sherman went into the cabinet, article 2, section 2, of the statutes is being quoted as follows:

"If vacancies (in the Senate) happen by resignation or otherwise, during the recess of the legislature of any state, the executive thereof may make temporary appointments until the next meeting of the legislature, which shall then fill such vacancies."
